## WE SPECIALIZE IN MANUFACTURE AND SALES OF INDUSTRIAL MARKING TOOLS

We are the leading manufacturer and supplier/exporter of industrial marking tools, metal writing instruments, engineering turned components, kids school bags and kits. We offer high quality of products to ensure maximum performance and operational reliability, consistently to our clients and therefore have carved a special place for itself in a considerably short span of time. Using A-grade raw materials millions of pieces so far have been exported to US and Europe.

### Our strengths/ why us?

Following are some of the major reasons for our rapid growth and success:

- ➔ Latest technology
- ➔ A qualitative range of industrial marking tools
- ➔ Cost effective pricing
- ➔ Customization
- ➔ Timely delivery
- ➔ Environmental friendly products as certified by Environmental Analysis
- ➔ Complete customer satisfaction

“If your project is large scale but you also value a close working relationship, SS creation is the only option.”

**Note:** We can fabricate all these products mentioned as per your specification or your samples. Products are available in all assorted colours.
